AFTER

2019 Ranger Fox “Tuned by Ford Performance” Off-Road Suspension & Leveling Kit M-18000-R

Our Fox “Tuned by Ford Performance” 2.0 Performance Series IFP (Internal Floating Piston) front and rear shock kits are loaded with the advanced technology and features you expect from Fox and are then taken to the next level through tuning by Ford Performance engineers. This proprietary suspension kit is designed and tested to optimize ride and performance both Off- and On-road, making it the best solution for the most discriminating performance enthusiast.

Features Include:

- Fits 2019 Ranger 4WD Models
- Levels truck front to rear
- Precision impact extruded aluminum shock bodies increase cooling capacity and are rust resistant
- Front coil-overs feature top quality racing coils selected to deliver the optimal spring rate
- Vehicle-specific upper front mounts include a composite bushing that isolates noise and vibration
- Locking, spring preload rings allow easy front ride height and preload adjustments
- Provides a comfortable on-road ride and predictable off-road handling in even the toughest conditions
- Easy bolt-in installation with no other modifications required

The Chase Rack & Light Bar The Perfect Match

The Ford Performance Ranger Chase Rack adds style and functionality to your truck and is easy to install. The tough hammer black powder-coated steel rack bolts together and provides a great base for mounting your accessories. Brackets for mounting a 40" light bar are included. This great looking and functional chase rack will make your truck stand out in the crowd!

RIGID® Radiance Plus light bars contain high quality black aluminum housing, polycarbonate lens, black exposed circuit board, and forward facing optics that combine the attributes of a spot and flood beam pattern in a broad package. Independently controlled (switchable) white back-lighting sets the appearance of this light bar apart from others!

The switch and unique harness aid in the installation of this package on a Ranger. Included black lens covers both protect the lens of the light, while offering an alternative appearance (off-highway use only).

YOU'RE RANGER-READY FOR THE GREAT OUTDOORS!

FORD ACCESSORIES

TO PROTECT (YOUR TRUCK) AND SERVE (YOU) – EVERYDAY

A Ford-backed bed-cover **will** help to save you money with low gas mileage, lost/damaged cargo and theft.

It **will** also **protect** the **bed** of your **truck** and help to prevent serious damage that **will** cause repairs to be needed. Lastly, if anything goes wrong with the bed-cover, it's warrantied and backed by Ford Motor.

Ford Accessories side assist steps obviously help assist with access and exit to/from the cab, but they allow easier access other parts of your truck, like the bed, a roof rack or cleaning your windshield. Depending on what you haul and how often, this additional access makes the assist steps much more useful than just getting in and out of your truck.
